

Powerful, Data-Driven Voice AI Agents for Business

Who We Are

- Scalable Voice-AI for Outbound & Inbound Sales
- Enterprise-grade Voice AI developed in India **IN**
- Emotionally expressive, multilingual voice agents handling call campaigns at scale

The Pain Points We Solve

- **Rising Costs:** Human agents (~₹20 k–₹40 k/month) drive up OPEX
- **Inconsistency & Compliance Risk:** Script drift, regulatory non-adherence
- **Burnout & Attrition:** High turnover reduces quality and speed
- **Missed Opportunities:** Off-hours/outbound calls left unattended

Our Solution

- **24×7 Intelligent Agents:** We use advanced tech stack for natural calling
- **Real-Time Monitoring & Analytics:** Call disposition, sentiment, KPI dashboards
- **Campaign Automation:** Auto-dials, follow-ups, human handoff triggers

Key Capabilities

Human-like Conversations

Advanced Speech-to-Text (STT), Large Language Models (LLM), and Text-to-Speech (TTS) create natural, engaging interactions, not robotic responses.

Deep Customization

Tailor conversation flows, agent personalities, and voice tones to match brand identity and specific use case requirements.

Global Reach

Allows businesses to connect with customers and manage operations worldwide.

Multi Language Support

Domain Specialization

Easily train agents with industry-specific knowledge for higher accuracy and relevance in sectors like logistics, healthcare, sales, and recruitment.

Key Platform Features

No-Code Template Builder

Visually design and deploy sophisticated conversational flows without writing a single line of code.

Advanced AI Stack

Leverages state-of-the-art multi-language STT, LLM, and natural-sounding TTS for seamless interactions in 20+ languages.

Live Monitoring & Analytics

Gain real-time insights into agent performance, call volumes, customer sentiment, and key metrics.

Seamless Integrations

Connect proPAL AI agents effortlessly with your existing CRM, helpdesk software, and other business systems.

Direct Sales Uplift

1. More Conversations

Auto-dial and follow-up campaigns enable up to **2× more calls/week**

2. Higher Contact Rate

Personalized agents → ~30% better connect rates

3. Conversion Uplift

Context-aware closing, sentiment-adaptive replies → +10–20% conversion

4. 24/7 Reach

Drive / lead qualification continues outside office hours

Efficiency Gains

- **Capex to Opex Shift:** Reduce fixed headcount; pay only per-minute
- **Compliance Confidence:** Script adherence, audit logs, call recording
- **Data-Driven Optimization:** Live analytics, performance insights, A/B testing
- **Multilingual Capability:** Seamless outreach across regional segments

Sample Use Cases

- **Fintech:** Loan follow-ups, KYC calls, payment reminders
- **EdTech:** Admission outreach, demo scheduling, feedback collection
- **Healthcare:** Appointment reminders, prescription adherence, survey calls
- **D2C:** Promotions, product launches, order updates
